

# Swamp Monster.

This monster lives in the swamp.

# An Ogre.

An Ogre lives in the mountains,  
or under a bridge.

## Monsters

There are big monsters and small monsters.  
There are short monsters and tall monsters.  
There are good monsters and bad monsters.

Some monsters live in caves, some monsters live in the sea. Some monsters live in the forest and some monsters live in the mountains.

Some monsters have long teeth and big hands. Some monsters have two heads and big green eyes. Some monsters have great big feet and long thin arms.

Monsters can be scary and monsters can be mean. Monsters can eat people. Monsters can eat bad children. Bad children don't wash their hands or brush their teeth.

Are you bad?

Are you scared of monsters?
