

Britain's Got Talent

Introduction

Students generally love watching youtube videos. The idea behind this activity is to encourage students to watch videos about things they are interested in in English.

Procedure

- 1) In groups of three (let them decide the groups) students spend a class in the computer room looking for and watching Britain's Got Talent audition videos. They have to choose a video to show to the whole class at a later date.
- 2) In the preceding classes, each group comes to the front of the class. Each student must speak for one minute about the video they chose. They need to: describe the artist; evaluate their performance and generally express their opinion.

Assessment

"You will be assessed on the following":-

- Your ability to work in a team
- Your description of the artist or artists.
- Your evaluation of their performance
- Your ability to express your opinion generally.
