## Making a Personality Questionnaire

### Introduction

"You and a partner are going to make your own personality questionnaire."

## **Objectives**

"You are going to use your questionnaire to interview a student from your class and then descibe their personality. You need to:-

use personality adjectives make questions correctly describe personalities

#### **Procedure**

- 1) In pairs, look at typical personality questionnaires in internet or in magazines.
- 2) Choose a theme. Examples are:

How extrovert are you? How assertive are you How environmentally-friendly are you?

- 3) Make your questionnaire.
- 4) Interview a student in front of the class.
- 5) Explain the results to the class.
